

Explore Champasak, Bamboo Bags Shop and Weaving Class:

Bamboo occupies a unique place in Laotian culture, where it is used for a variety of purposes. During this half-day class, we invite you to meet a group of friendly and dynamic women who make bags from local bamboo. They will welcome you into their workshop and introduce you to the art of weaving.

After a short demonstration, it will be your turn to make a placemat or a fan that you can take home as a souvenir.
